VARPRIME
a vargroup company

Travel Expenses

Integrated and innovative solution to support our customers to manage expense reports and business trips, suitable for all companies.

PRIME365 | Travel Expenses

PRIME365 TRAVEL EXPENSES

Solution designed and developed to work on **iOS** and **Android** devices, integrated with **Microsoft Dynamics 365**, for the digital management of expenses and travel notes.
The application can work both in integrated mode with Microsoft management systems and stand alone with a dedicated web portal.

The **Travel Expenses App** is designed to be multi-company, multi-currency and multi-lingual, usable **online** and **offline**.

Thanks to **Cognitive Form Recognizer** and **voice recording**, in few seconds, expenses can be updated and many typing mistakes avoided.
